Description

Extra Super Lash is a buildable mascara from Rimmel London that will make your lashes look longer, darker and thicker without clumping. Put on one layer for a more natural look or two for something more dramatic. The vitamin E enriched formula contains hydrogels that form an ultra-smooth film on the lashes. The wet form dries fairly quickly, does not flake when dry, and has staying power. This buildable mascara will give you a nice subtle lash, perfect for school and work. It can be also used to build up lashes for more dramatic look when you've got a night out planned. Apply to bare lashes from roots to tips. The more you apply, the more volume you get. Do not wait for each layer to dry before putting on another - do it quickly for smooth coating. If you want lashes that look longer, darker and thicker try Rimmel London Extra Super Lash Mascara.

For reasons of hygiene this product cannot be returned if unwrapped, unsealed or used, unless faulty.
